

Pelican Waters Local Community Facility Community Engagement Program

Project summary

Local community facilities are an important asset to the community. They can be focal points for community life, and places for people to meet and connect.

On the Sunshine Coast, local community facilities provide flexible spaces for a wide range of community uses, including:

- meetings
- cultural development activities
- community events
- performances
- learning
- recreation activities
- social gatherings.

An initial assessment of the region's local community facilities network has highlighted an opportunity to undertake a community engagement program to understand the need and demand for a potential local community facility in Pelican Waters.

Project purpose

Council owns 6,000m² of land at Spitfire Banks Drive, Pelican Waters. This site is allocated for a local-level community facility that provides a multipurpose space for the general community.

To effectively plan for local community facilities, Council needs to make sure that it is responding to community need and not duplicating what is already on offer on the Sunshine Coast.

Project Timeframes

To help understand current and future demand for a new local community facility in Pelican Waters, Council is delivering a community engagement program between the 26 April 2022 and 23 May 2022.

The community engagement findings report is due to be completed by 30 June 2022.

Where to from here

The findings from the community engagement program will be analysed, and recommendations made on whether there is sufficient need and demand to support Council to further investigate the feasibility of developing a community facility in Pelican Waters.

Community Engagement

Council is calling on the community to get involved and let us know more about what they need in their local area. The community engagement program includes:

- An online survey
- An online community workshop
- A community workshop hosted at the Caloundra Power Boat Club, Golden Beach
- Community Engagement Pop-up at Scribbly Gum Park, Pelican Waters.

Further information

To complete the online survey or to register for an upcoming workshop, visit 'Have your Say Sunshine Coast':

A note from your local Councillor

I am pleased to see this community engagement program commence. If you are a resident or community group in Pelican Waters, Golden Beach or Caloundra, we want to hear from you. A variety of community engagement activities have been organised so you can get involved in the way that best suits you.
