

Glenfields Neighbourhood Park project

Summary: Stage 1 community engagement findings

Thank you for sharing your ideas for the Landscape Plan and dog exercise area for Glenfields Neighbourhood Park, Mountain Creek.

Based on our community's feedback and vision for the park earlier in the year, Council has prepared a draft landscape plan for Glenfields Neighbourhood Park. The landscape plan will guide the development of improvements while maintaining what residents and visitors value about the park.

Survey results for the Landscape Plan

Council received 90 survey responses – Thank you.

Your top 5 priorities for the park are:

1. Upgrades to the play space – including improving the playground, spaces for different age groups, additional barbeque shelters and park furniture
2. Improved security, including better lighting, to deter anti-social behaviour
3. Improved drainage
4. Providing parking and better paths
5. Providing a dog exercise area

Additional thoughts for the park:

- There were many concerns about putting a dog exercise area in Glenfields Neighbourhood Park, however, the majority of responders support the provision of this facility
- The natural bush area on Escolar Drive to be tidied up
- Improvements to the basketball court
- More trees for shade and wildlife

Survey results for the Dog Exercise Area

Council received 144 survey responses – Thank you.

Here is what you said:

- 83% (119 responses) support the development of a dog exercise area in the Glenfields estate
- 78% (112 responses) of responders own a dog
- 58% (81 responses) would use the dog exercise area daily or up to 3 times a week
- Preferences for the dog exercise area location:
- 53% (71 responses) would like to see the dog exercise area in the southern area of Glenfields Neighbourhood Park – as shown on the draft landscape plan
- 29% (35 responses) would like to see the dog exercise area at Prelude Drive Park
- 14% (15 responses) would like to see the dog exercise area at Parklea Esplanade Park
- 13% (15 responses) would like to see the dog exercise area in the central area of Glenfields Neighbourhood Park
- 7.5% (8 responses) would like to see the dog exercise area in Micrantha Place Park
