Have your Say

Goshawk Boulevard Extension

Concept Design

November 2025

FACT SHEET

Project overview

Sunshine Coast Council is planning to extend Goshawk Boulevard 700 metres east to connect Stringybark Road to Power Road.

The extension will give locals easier access to shops, provide walking and riding pathways and reduce traffic congestion on adjacent streets.

The extension will also make it possible for residents near Power Road to walk to local shops on Goshawk Boulevard and access the new Stringybark Road pedestrian and cycling bridge.

About the concept design

Driving, walking and riding between neighbourhoods north of the Sippy Downs town centre will be quicker and easier when Goshawk Boulevard is extended.

The extension will deliver:

- two traffic lanes (one lane in each direction)
- two-way riding paths, separated from the road
- walking paths
- landscaping.

The extension has been long planned to provide transport choice and improve network connectivity.

Goshawk Boulevard is proposed to be extended before or in conjunction with any development on 77 Power Road, Buderim. Exact timeframes for construction are subject to funding in future budgets.

Community engagement

We invite you to have your say on the Goshawk Boulevard extension concept design from **Monday, 3 November until 5pm Friday, 28 November 2025.**

Your feedback will help inform further investigations and the development of the detailed design.

Head to the Have Your Say page on Council's website to view the concept designs, explore artist impressions and complete a **short online survey.**

You can also drop-in to one of our **community pop-up sessions** at Chancellor Park Marketplace, 18 University Way, Sippy Downs:

- Thursday 13 November, 3-6pm
- Saturday 22 November, 11am-2pm.

Figure 2: Goshawk Boulevard Extension Concept Design

1. Adjacent project proposes a two-way riding path on Stringybark Road – visit Have Your Say website for more details
2. Priority walking and riding crossing on Goshawk Boulevard
3. Two-way riding path and walking path added to exisitng section of Goshawk Boulevard
4. Priority walking and riding crossing on Starling Street
5. Dedicated left turn into Starling Street with priority walking and riding crossing
6. New shared path connection into Starling Street and Atrium
7. Goshawk Boulevard extension with one traffic lane in each direction, dedicated two-way riding path, walking path and street trees
8. Left in/Left out vehicle access into Atrium (as per condition of development)
9. Interim arrangement at Power Road with shared pathway – Long term upgrade to Power Road proposes traffic signals with separated walking and riding pathways and crossings at Goshawk Boulevard intersection
10. Long term upgrade to Power Road, reconnecting to Sippy Downs Drive with overpass across Sunshine Motorway including walking and riding pathways – Timing subject to future budget availability
