Sunshine Coast Council is working with the Eudlo community to help shape the future of Rosebed Street.

Planning is under way to deliver streetscape improvements that align community feedback.

For more information please visit:
haveyoursay.sunshinecoast.qld.gov.au

In November this year we engaged with the Eudlo community to understand what you love about Rosebed Street and what can be improved. A total of 117 people had their say to create a shared vision for the street.

Your feedback is helping us develop recommendations as part of a Draft Streetscape Concept Plan, which you will be able to provide further feedback on, early next year. More information about the next community feedback opportunity will be coming in the new year.

Stage 1: Values and Visioning	Stage 2: Developing the plan...	Have we got it right?	Stage 3: Presenting the plan
November 2020	March 2021	April 2021	May 2021

Eudlo Placemaking

This is what you have told us so far

Create safer streets for pedestrians and motorists

- Slow traffic speeds through the centre of town
- Improve safety for motorists at the Rosebed and Corlis Street intersection
- Manage where we can safely park

Create a shady, cool and green street

- Strengthen the surrounding natural beauty in the main street
- Add more shade with new and replacement trees
- Improve garden bed plantings along Rosebed Street.

Create an attractive and appealing walkable environment

- Add vibrancy and interest with elements that reference Eudlo's First Nations and timber heritage
- Enable more events and community gatherings
- Connect pathways along the streets

Other feedback

- Ensure community amenities are hygienic and clean
- Improve park facilities in Olsen Mill Park.
