Project news

Project number: P-K5925

4 November 2024

Caloundra to Currimundi (C2C) Active Transport Corridor

Project summary

Sunshine Coast Council is undertaking planning to deliver a safe and inclusive active transport corridor between Caloundra and Currimundi.

When complete the project will offer a six-kilometre-long route for people walking, riding and using personal mobility devices including e-scooters. It will link schools, shopping centres and communities within Currimundi, Dicky Beach, Moffat Beach, and Caloundra.

The C2C Active Transport Corridor, which follows the Queensland Government's Principal Cycle Network Plan, has been divided into six stages for delivery. These stages are:

- Stage 1 – Park Place to Gosling Street
- Stage 2 – Gosling Street to Arthur Street
- Stage 3 – Arthur Street to Cooroora Street (funded for design and construction)
- Stage 4 – Cooroora Street to Cooroy Street
- Stage 5 – Cooroy Street to Currimundi Road
- Stage 6 – Currimundi Road to Talara Street.

Community engagement

Consultation is now open. **Between Monday 4 November and 5pm Friday 29 November 2024** you are invited to provide your input and feedback on the C2C Active Transport Corridor.

We want to understand what is important to local residents and ways to improve safety and accessibility for people walking and riding between Caloundra and Currimundi.

We are currently seeking input on **Stage 3: Arthur Street to Cooroora Street**, which is funded for design and construction by the SEQ Liveability Fund. Other stages will be progressed as funding becomes available.

Scan the QR code below to visit Have Your Say Sunshine Coast and complete the 'Share Your Ideas' project survey.

Further information

You can find further information about the C2C Active Transport Corridor project on Council's website at sunshinecoast.qld.gov.au

To contact the project team please email activetransportlinks@sunshinecoast.qld.gov.au

Call 07 5475 7272

Or contact Council's customer service via the details below (please quote P-K5925 C2C Active Transport Corridor).

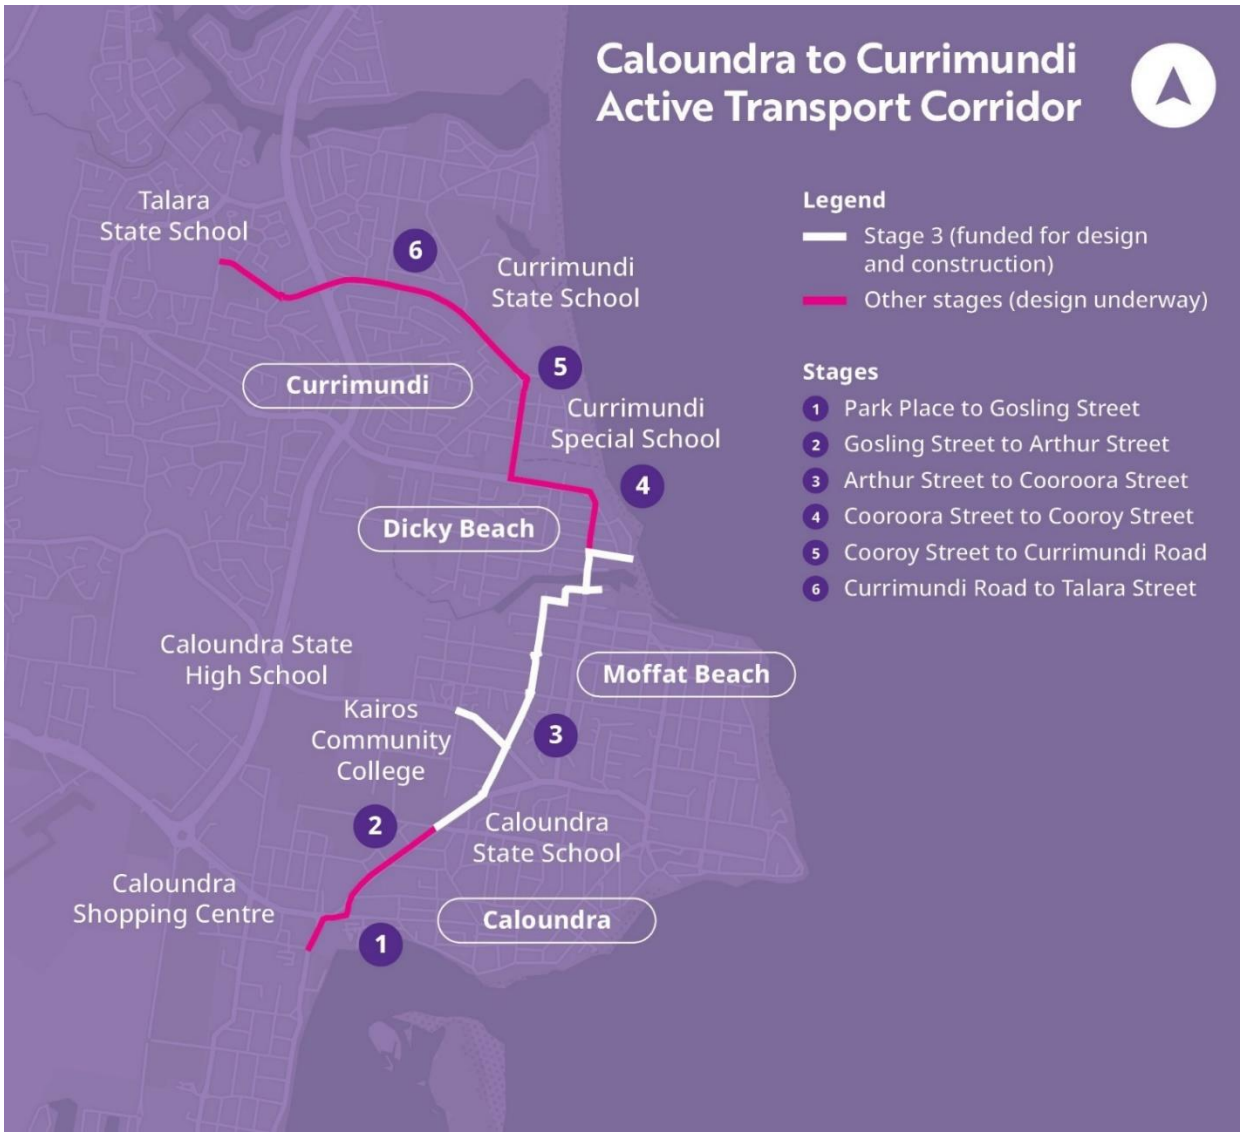
A note from your local councillors

We are pleased to announce consultation for the C2C project and encourage you to share your suggestions which will be considered as design progresses. We are committed to working toward the funding and delivery of this important infrastructure project for the benefit of the entire community.

Cr Tim Burns and Cr Terry Landsberg

Sunshine Coast COUNCIL

Figure 1: The proposed C2C project will link Caloundra and Currimundi



Feedback received from Phase One community engagement will guide and inform the design, planning and implementation of the project construction. It will help to ensure that project impacts are as minimal as possible.
