

The Caloundra, Community + Creative Hub proposes to create an arts, community and creativity precinct connecting The Events Centre, Caloundra Regional Gallery and a new District Library with parks and street spaces through to Bulcock Beach.

Create Caloundra 'Have Your Say' ran from 9 November to 7 December 2020 and had:

**500**  
survey responses

**80,000**  
plus social media interactions

**161**  
people who came and chatted in person at four market pop ups

**10**  
written submissions

**3**  
forums for Arts and Events, Business and Community Groups

**14**  
creative competition entries

You told us how to make it your Community + Creative Hub. This is what we heard...

## What we have heard so far

**Keep it green:** retain and extend the open space, tree canopy, shady garden and park feel to complement and contrast to the beach

**Keep it unique:** tell the stories of Caloundra and keep the distinct low key, friendly and inclusive atmosphere

**Change the way we move:** rethink how we get to, around and park near this place as it becomes ever more popular

**Improve how to navigate:** make finding spaces, places and what's on in the precinct, and wider Caloundra, much easier

**Love more events and creative interest:** a walkable and accessible precinct showcasing and involving opportunities (day and night) for different arts, community led, creative activities, food and fun!

## 'Have we got it right'?

Make it your Community + Creative Hub – Council will be undertaking **5** Community Engagement Two in coming months; with more on what you value and vision, and asking if the draft concept design is what you picture.
